General overview
Effective April 4, 2022, the Unique Entity Identifier (UEI) is replacing the Data Universal Numbering System (DUNS) through Duns & Bradstreet needed for the SAM.gov registration requirement on all federally funded grants. State funded grants that did not require a DUNS will also not require an UEI.

For a quick reference, please see the UEI fact sheet for transitioning to a new Unique Entity ID available on WEM’s website here: https://wem.wi.gov/admin-tools/.

Federal registration guidance
UEIs are required and assigned by the federal government outside of Wisconsin Emergency Management (WEM). WEM’s role in this process is to collect and review status for federal reporting purposes. Please visit the SAM.gov website (https://sam.gov/content/entity-information) for information on how to register and maintain your UEI. WEM can accept the following registration types:

→ New Partial Registration Option: This is the simplest process and the minimum requirement for a federally funded WEM grant.
→ New Full Registration Option: This is a robust process and not required for federally funded grants through WEM. If you pursue full registration for non-WEM requirements, you will still be assigned an UEI.
→ Already Registered in SAM.gov: You’ve already been assigned an UEI. Your UEI is viewable on your entity registration record in SAM.gov.

Troubleshooting

1. Egrants error – if you receive the red warning below, please double check the UEI entered is correct.
   a. It must be 12 digits long
   b. It cannot start with a zero (0).
   c. It cannot contain the letters O or I

2. For questions or issues regarding your UEI and/or registration, please contact SAM.gov.

3. If you’ve confirmed the UEI and confirmed you’re entering it correctly in Egrants, please email your WEM Program Manager or the Egrants Helpdesk at WMEgrants@egrants.us.
